

Park Rules and Regulations

The following “Pennekamp Lobster Exclusion Zones” are closed at all times to the harvest of any lobster species and are marked with white and orange information spar buoys.

- Turtle Rocks
- Basin Hill Shoals
- Higdon’s Reef
- Cannon Patch
- Mosquito Bank North
- Mosquito Bank South
- Three Sisters North
- Three Sisters South

See adjacent chart for location and GPS coordinates. Chart is not to be used for navigational purposes.

Sport Season: is always the last consecutive Wednesday and Thursday in July. Begins 12:01 a.m. last Wednesday in July and ends at 12:00 midnight on the last Thursday in July. **All of John Pennekamp Coral Reef State Park is closed** during the 2-day Sport Season to the harvest of any lobster species.

Regular Season: Begins at 12:01 a.m. on August 6, and ends at 12:00 midnight on March 31. **In addition** to the above named “Pennekamp Lobster Exclusion Zones,” during the Regular Season **no person shall harvest lobster from or within any coral formation (patch reef) regardless of its proximity to or exclusion from a marked “No Lobster” area.**

It is also prohibited to harvest lobster from any “artificial habitats”, which are defined as material (e.g. wood, metal, concrete, plastic) that has been placed to provide cover and habitat for spiny lobster.

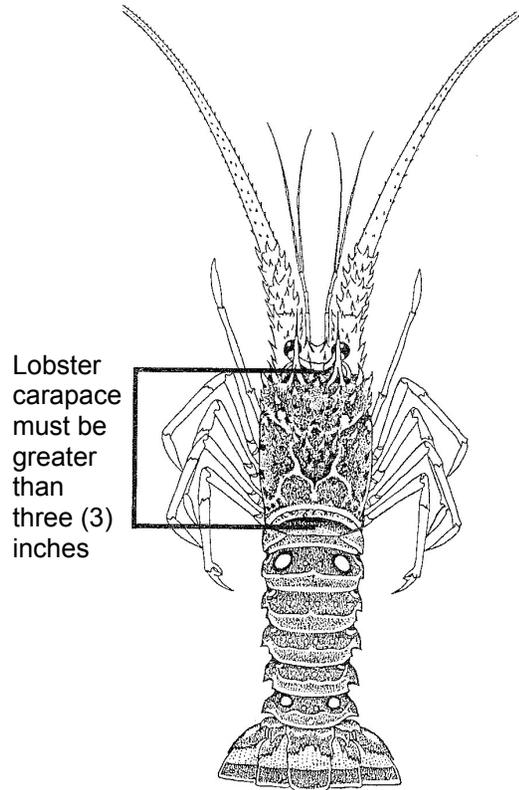

In addition, in Unincorporated Monroe County, during the **3 days preceding Sport Season, the entirety of Sport Season and the first 5 days of Regular Season,** there is **no diving or snorkeling** within:

- 300 feet of improved residential or commercial shoreline
- Any manmade or private canal
- Any public or private marina

Bag limit: Six (6) lobsters per day for each recreational harvester.

Measuring Lobster

- ✓ Each harvester must have a gauge, made for measuring lobster, in their possession while harvesting in the water.
- ✓ All lobster must be measured in the water and released unharmed if undersized.
- ✓ Lobster carapace must be greater than three (3) inches.
- ✓ All recreationally harvested lobster must remain in whole condition while at sea.
- ✓ Tails may only be separated on land. When the tail is separated from the body, it must be greater than 5½ inches.

Facts for All Seasons: What to Know, Before You Go...

Possession: Lobster must be of legal size before they are in possession. NOTE: You may not have lobster in your possession in Everglades National Park.

Bag Limits: The Federal bag limit cannot be combined with the State bag limit.

Egg-bearing (berried) lobster regardless of species must be released unharmed. Stripping egg-bearing females of eggs, and possession of spiny or ridged slipper lobster tails from which eggs have been removed is prohibited. Eggs are an orange, yellow, brown or red mass found covering the underside of the lobster's tail.

Gear: Harvesting or attempting to harvest, using any device that will or could puncture, penetrate or crush the exoskeleton (shell) or the flesh of the lobster and the use of such devices is prohibited.

"Bully-netting" is defined as using a circular frame attached at a right angle to the end of a pole and supporting a conical bag of webbing. Possession of bully nets is prohibited in Everglades National Park.

"Hoop-netting" is defined as using a frame, circular or otherwise, supporting a shallow bag of webbing and suspended by a line and bridles. Possession of hoop nets is prohibited in Everglades National Park.

"Artificial Habitat" is material (e.g. wood, metal, concrete, plastic) that has been placed to provide cover and habitat for spiny lobster. It does not include fishing gear allowed by FWC, legally permitted structures or artificial reefs permitted by Florida DEP or Army Corps (e.g. Duane, Eagle, Thunderbolt).

License Requirements: Recreational harvesters are required to possess a valid Florida Saltwater Fishing License with a current crawfish endorsement. Consult your license agent for exemptions.

Spanish or spotted (*Panulirus guttatus*) and slipper (*Scyllarides aequinoctialis*) lobster are closed year-round to harvest in Key Largo and Looe Key Existing Management Areas, Everglades and Dry Tortugas National Parks, Florida Keys National Marine Sanctuary Ecological Reserves, Sanctuary Preservation Areas and Special-Use Research Only Areas. During the Regular Season, they are closed to harvest in John Pennekamp Coral Reef State Park Lobster Exclusion Zones and from or within coral formations (patch reefs) within the Park.

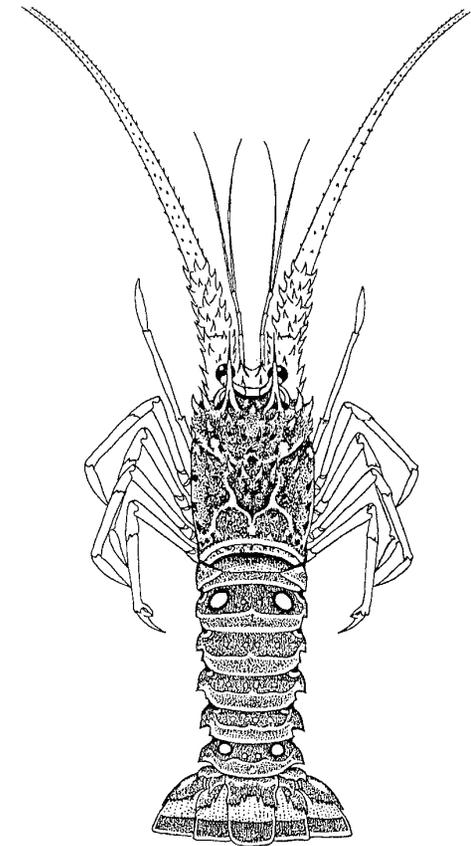

Commercial Lobster Traps: It is a felony to molest, damage, or take lobster from traps in State or Federal waters.

Dive Flag: All divers and snorkelers in the water are required to prominently display a Diver-Down flag. Boats must travel at slow to idle speed within 100 yards of a dive flag.

Coral is protected from damage and removing in state and federal waters. Do NOT touch, hold on to, stand on, break or other wise harm coral. It is a fragile living animal.
